

## It's the great pumpkin

John Newstead's passion for saving lives is equal to his passion for art—pumpkin art. In time for the festive season of Halloween, John, a 112-time whole blood donor, carved out a Canadian Blood Services-themed pumpkin for staff, volunteers and donors at the Ancaster clinic to enjoy. It proudly sits in the clinic's donation area for all to admire and enjoy.

John's other creations can be seen [here](#).
